

For immediate release:

Twin Tiers Landowners Coalition Extend Date for Landowner Signups in Tioga County, PA
Mike White, president of the Twin Tiers Landowners Coalition (TTLC) announced today that the Coalition was extending the deadline for landowners in Tioga County PA to sign up for the lease sale.

“We are extending the deadline from June 8 to July 15 to give more time for landowners to sign up,” said Mr. White. “Because of the recent events in the industry with mergers and acquisitions and purchases of leases in Tioga County, we believe that it would be beneficial for our landowners to let things settle for a bit longer. Also membership is on the rise due to local meetings and our members spreading the word about the coalition.”

Mr. White said that the Coalition has nearly 6,000 acres of unleased land in Tioga County ready for the lease sale. “Landowners understand that their best chance to get a good offer and a protective lease is through the Coalition. We are gratified with the continuing response and the confidence that the landowners have shown in us. The additional time will allow the Coalition to continue to add to the acreage by holding additional meetings in the County during this extension. Acreage increases should benefit the memberships bargaining position and this should be one of the last offerings of this size in Tioga Co. No further delays are anticipated, and we will move to a lease sale shortly after the close of the extension period.”

TTLC has developed an extensive website at www.twintlc.com to provide information on Marcellus development both in Pennsylvania and New York along with the objectives and philosophy of the Coalition through the viewpoints of its professional consultants.

“We believe that extending the signup period is the most prudent approach at this time. There are just too many things happening in the industry affecting Tioga County, and we want to give the companies more time to understand what we have to offer,” said Mr. White.

Twin Tiers Landowners Coalition, headquartered in Addison, NY is focusing on landowners in Tioga County, PA, Steuben County, NY, and surrounding areas. For more information, call (607) 359-3311 or visit their website at www.twintlc.com.
